

We CARE About Your OPINION

Do you identify as part of the LGBTQIAP+ community?

Your story is a powerful tool to **amplify LGBTQIAP+ voices**, so we can learn from individual and collective experiences in our service, and put these towards building a **safer** and more **inclusive** service. Share your story anonymously through Care Opinion.

Take a moment to think about your most recent experience of care:

- How did it make you feel?
- What was good and why? Or what could be improved?
